Welcome to postgraduate study in the Faculty of Education. This publication is a handbook to the Faculty of Education Postgraduate Prospectus. It provides a guide to the courses offered by the faculty in 2013. Included is information on which programmes the courses can be studied within, the semester and timetabling of each course, and the delivery mode.

The courses and timetables printed in this publication are confirmed and correct at time of printing but please note that some changes may occur. Course enrolments for 2013 open 5 November 2012 and from this date you can also check online for the most up-to-date timetable for each course:

- Current students should visit: www.student.auckland.ac.nz
- Prospective students should visit: www.studentservices.auckland.ac.nz
  - Click on ‘Course advice and information’
  - Click on ‘Browse the course catalogue without signing in’

To find out the schedule of courses that are available within a programme you need to consult The University of Auckland Calendar. Please also consult the appropriate sections of The University of Auckland Calendar to ensure you are aware of and comply with all regulations, requirements and policies. The University Calendar is published annually and is available online at www.auckland.ac.nz/calendar. A hard copy can be purchased from major bookshops or ordered through The University of Auckland Bookshop. Copies can also be viewed in the University Libraries.

The Faculty of Education website www.education.auckland.ac.nz is also a good source of information for current and prospective postgraduate students:

**Academic Integrity Course**

The University of Auckland is introducing an online academic integrity course in 2013 for undergraduate and postgraduate students admitted for the first time to a programme at the University. All new students are expected to complete the course and will receive further information early in 2013.

**Online Study**

Please note: If you intend to enrol in a course offered as ‘Online/Study guide’ you will need:

- A computer that can play DVDs.
- Access to the Internet – preferably broadband, not dial-up.

Some courses may require you to complete online activities involving: creating and/or downloading PowerPoints as well as downloading audio and/or video podcasts.
Summer School Courses

“I just want to complete 25% of my qualification within a shorter timeframe”... has been one of the most common reasons for people to take up Summer School.

If you prefer an intense but shorter time frame to complete a course then check out our Summer School courses. In some cases you may be able to complete 25% (30 points) of your postgraduate qualification in Summer School. Some students have used Summer School to complete their research methods course in order to free up the rest of the year for research study.

Look for “Summer School” under the semester column of the course schedules in this handbook.
